# Vision & Mission

Bahay Kubo Center's vision is the enrichment of multicultural communities through Philippine culture and arts.

Our mission is to promote pride in and appreciation of Philippine history, culture, language and arts among Filipinos, Filipino-American families and non-Filipinos in the San Fernando Valley and the Greater Los Angeles area.

## Goals

To develop educational programs, seminars, workshops and other outreach mechanisms to promote language, culture and heritage.

To encourage and promote awareness of the Philippine culture to 2nd and 3rd generation Filipino-Americans, multi-cultural families and non-Filipinos in the community.

To unite Filipinos to be pro-active participants in socio-civic projects within the community.

To foster leadership and camaraderie within the Filipino-American youth, teens and adults.

To create successful outreach programs in the Philippines, primarily to help in educational programs that would give hope, and engage both the poor Filipino families and their children, to help them realize that education is an important step towards success in life.

To make sure our rich culture never dies, we must involve everyone within our family unit to continue to appreciate what past generations have to offer our future generations of Filipino-Americans.

To encourage everyone to get involved in BKC, whether as a participant, a volunteer or a continuing donor.
